

MyGov INTERNSHIP PROGRAM (MGIP)

Ref No:	E-3079290/MG/19/2021-MyGov
Version:	1.2
Date of Issue:	03-Dec-2024
Effective Date:	03-Dec-2024
Document Owner:	Director, MyGov
Approved by:	CEO, MyGov

1. Introduction:

MyGov is the Government of India's digital media enabler citizen engagement platform. Headquartered in New Delhi, it is an independent business division under Digital India corporation, a Section 25 Company floated by the Ministry of Electronics and Information Technology, Government of India. MyGov was established in 2014 and has quickly grown in the mandates it executes, the people it employs and the accountability it bears. MyGov has taken in its fold a wide range of talent from different fields to deliver results and as it grows will require more. The organization has inducted interns in the past and continues to be a platform for intense internships.

2. Purpose of Internship Policy:

An internship in MyGov affords an opportunity for a student (pursuing graduation/post-graduation) or recently qualified youngster to gain hands-on experience with the MyGov team on MyGov's work. Working deep within the MyGov ecosystem, an Intern is held up to the same measure of assessment that an employee is and is expected to deliver results from the very first day. Interns are assigned to a mentor, usually someone from the senior leadership team at MyGov and stays connected to the entire team through various channels. Internships are MyGov's way of contributing to the development and upskilling of young talent in the country. They also help MyGov access talent for short-term project requirements. The MyGov internship program will always revolve around making business sense at all times and deliver demonstrated value to the organization. This policy will help MyGov systematically access internship resources for deployment in the organization.

3. Areas of Internship:

MyGov's interns come from a variety of backgrounds and bring multiple skills to the team. Some of the areas in which MyGov inducts interns are:

- a) Graphic Designing;
- b) Search Engine Optimization;
- c) Data Science
- d) Research Design

- e) Social Media Marketing
- f) UX professionals
- g) Data Analytics
- h) Social Research Methodologies
- i) Artificial Intelligence applications
- j) Human Resource Information Systems
- k) Public Policy
- l) Content Creation

4. Who can be a MyGov Intern:

Our interns are usually students (pursuing graduation/post-graduation) in advanced courses related to the areas stated above or recently qualified from a university. They are usually under 25 years of age. MyGov is an inclusive workplace that values diversity, so applications are considered irrespective of candidate origins. Selection as intern will require an assessment by MyGov which may consist of a written examination or an interview or both.

5. Duration of Internship:

Internships are offered for two months and can be extended by a month at most. An Intern will be expected to file a report every month in the prescribed format (at Annexure A) regarding progress in her/his learning and delivery. The report is filed with the mentor, with a copy to Human Resources function. At the end of the internship, the Intern will make a presentation to the leadership team at MyGov regarding her/his experience as an intern. The following are expected to be a part of that presentation:

- a) Intern profile and area of interest;
- b) Description of work assigned during internship;
- c) Output and contribution to the function during the internship;
- d) Main learning from the internship and how it will be useful for the future;
- e) Suggestions to improve MyGov products and processes, if any
- f) Acknowledgements

6. Evaluation and Certification:

Basis the Internship work as evaluated by the mentor, monthly reports and presentation, the leadership panel will make recommendations that will be shared with the intern. A certificate of completion of Internship will then be issued to the Intern from MyGov. Usually, the certificate is issued within a fortnight of completion of internship presentation. An intern becomes eligible for a certificate only after completing two months of internship and upon the satisfaction of the mentor. No certificate is issued if the final presentation is not made to the leadership team and documentary requirements of the internship are incomplete.

7. Payment during Internship:

MyGov reserves the right to evaluate the type of Internship (Paid/Unpaid) case to case basis. In the case of paid internship, MyGov interns are paid INR 10,000 (INR Ten Thousand only) for every month of internship as per payroll cycle followed in MyGov.

8. How to apply for Internships:

Recruitment for MyGov vacancies is almost exclusively through the MyGov Careers tab on the MyGov.in portal. Applications for internships are accepted throughout the year, but placements will be made depending upon organizational need, budgetary provisions and identification of mentors. Applicants are requested to fill their details in the Career tab and upload their CV, clearly specifying their area of interest. Applicants are expected to have read this policy document closely before applying for the program. Occasionally, MyGov might select interns from campuses depending upon requirement in which case institutional internship duration will be adhered to. In case of any difficulty in making the online upload of application, please write to intern@mygov.in with your application and Resume. Please specify your area of interest to enable us to take a decision when the occasion arises.

9. Post-Internship:

MyGov reserves the right to make an offer who have shown exemplary commitment, energy and output in their work with us, but an internship with MyGov is not a guarantee for employment in the organization. We expect our interns to always be alumni of MyGov and carry that flag high wherever they go.

10. Discipline and Conduct:

Conduct rules of MyGov will apply to all interns during their internship with us. Additionally, interns are expected to maintain complete confidentiality about the products, processes and people practices in MyGov. They will not divulge organizational secrets to which they may become privy during their work and neither will they be part of any communication that shows MyGov in poor light, for whatever purpose, after their internship is over.

**FORMAT FOR MONTHLY INTERNSHIP REPORT
TO BE FILED WITH MENTOR AND HR VIA EMAIL**
