

MyGov ATTENDANCE & WORK PROTOCOLS

Ref No:	E-3079290/MG/19/2021-MyGov
Version:	1.2
Date of Issue:	03-Dec-24
Effective Date:	03-Dec-24
Document Owner:	Director, MyGov
Approved by:	CEO, MyGov

1. Objective

To establish a transparent linkage between attendance inputs and payroll.

2. Scope

The policy is applicable to all resources of MyGov.

3. Work Protocol

a) All employees are required to work 8.5 hours a day including a 30-minute break for lunch. Work timing schedule may vary from time to time based on business requirements as specified by the organization from time to time. Employees may be required to work additional hours during the work week / weekly offs, if required, to fulfil the responsibility of a role/project and at the demand of work exigencies. No additional compensation is payable for such stretched working hours.

b) Employees attending office less than 4 hours in a day are required to mark half day leave for that particular day.

4. Attendance:

a) All employees are expected to Mark-In & Mark-Out their attendance in biometric machine installed in MeitY premises on daily basis. It is the responsibility of the employee to ensure that their attendance is recorded in time.

b) If, in case of unforeseen circumstances, the resource is not able to report on time, she/he should inform the manager of the same.

c) If due to any reason, employee misses registering their attendance through biometrics, the attendance for the same should be shared with reporting manager and HR on e-mail.

d) If the employee has a planned meeting (out of office) on any day and will not be able to mark the attendance, the same should be shared with the reporting manager and HR on e-mail. Mark-In & Mark-Out is to be marked in biometric machine once the employee resumes office post meeting.

f) The attendance inputs are linked to payroll. If these inputs are at variance with the real / physical attendance these will be treated as unauthentic data.

g) Unauthentic inputs are akin to dishonest conduct for a pecuniary advantage and can result in disciplinary action.

5. Attendance Infractions

- a) Attendance delinquencies will result in progressive disciplinary action up to and including termination based on the following point system:

First Instance: A warning letter (via e-mail or postal mail) and a managerial counselling session that will be documented and filed in the employee's personal records in the first instance of unauthorised absence;

Second Instance: A second case of unauthorised absence will entail a warning letter (via e-mail or postal mail) to the absentee. 2 written warnings within a span of 6 months, at any gap that is warranted, will invite disciplinary action that may include, but will not be limited to, loss of pay, adverse appraisal ratings, being relieved of responsibilities and suspension from work for a period of time determined by competent authority; and

Third Instance: Termination. If three warning letters are issued then the employee will be considered a habitual offender and services terminated. It may be noted here that warning letters can be issued in quick succession if, during a period of unauthorized absence, the employee fails to respond to such letters.

- b) If an employee is a no call - no show for three consecutive days it will be considered a job abandonment, or termination without notice.
- c) Employees may request exceptions for work absences from human resources and management. These will be approved on a case-by-case basis. If an employee is absent for three or more consecutive days on medical grounds, evidence for excusing the absence, such as a doctor's note, prescriptions or reports, must be provided.

6. Exceptions/Modifications

Any exceptions to this policy would require prior approval.

The Policy may be modified / reviewed from time to time.

All exceptions/approvals are at the discretion of CEO, MyGov.
